

Wellspring Uncapped

Welcome Light from the Future.

<p>30th April 1st 2nd 3rd May 2015</p>	<p>Regional Conference of The Christian Community.</p> <p>Embracing what is New means growing beyond the established norm and what 'always has been'. This we can do when we are prepared to be open and mindful to present experience. Like the germinating seed breaking through the earth crust into the new space of air and sun – we, in the fertile ground of fifty years of Christ-orientated religious life in Southern Africa, can individually and in community allow the draw of growth to inspire an expansive break through into newness - into 'what has never been'.</p> <p>How do we need to become in ourselves to be receptive to the ever present Wellspring of enlivening newness which streams towards us from the future?</p> <p>Our program is carefully structured, open and non-prescriptive enough to allow us all to practice being open and welcoming for this new light from the future.</p>
